Challenges

Elefin understands the unique challenges facing hotel and restaurant Owners and Managers.

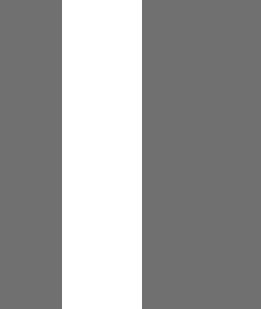

Fraud

Studies show that an average of 5% of raw materials spending are being lost to inefficiencies, shenanigans, "mark-ups" and outright fraud.

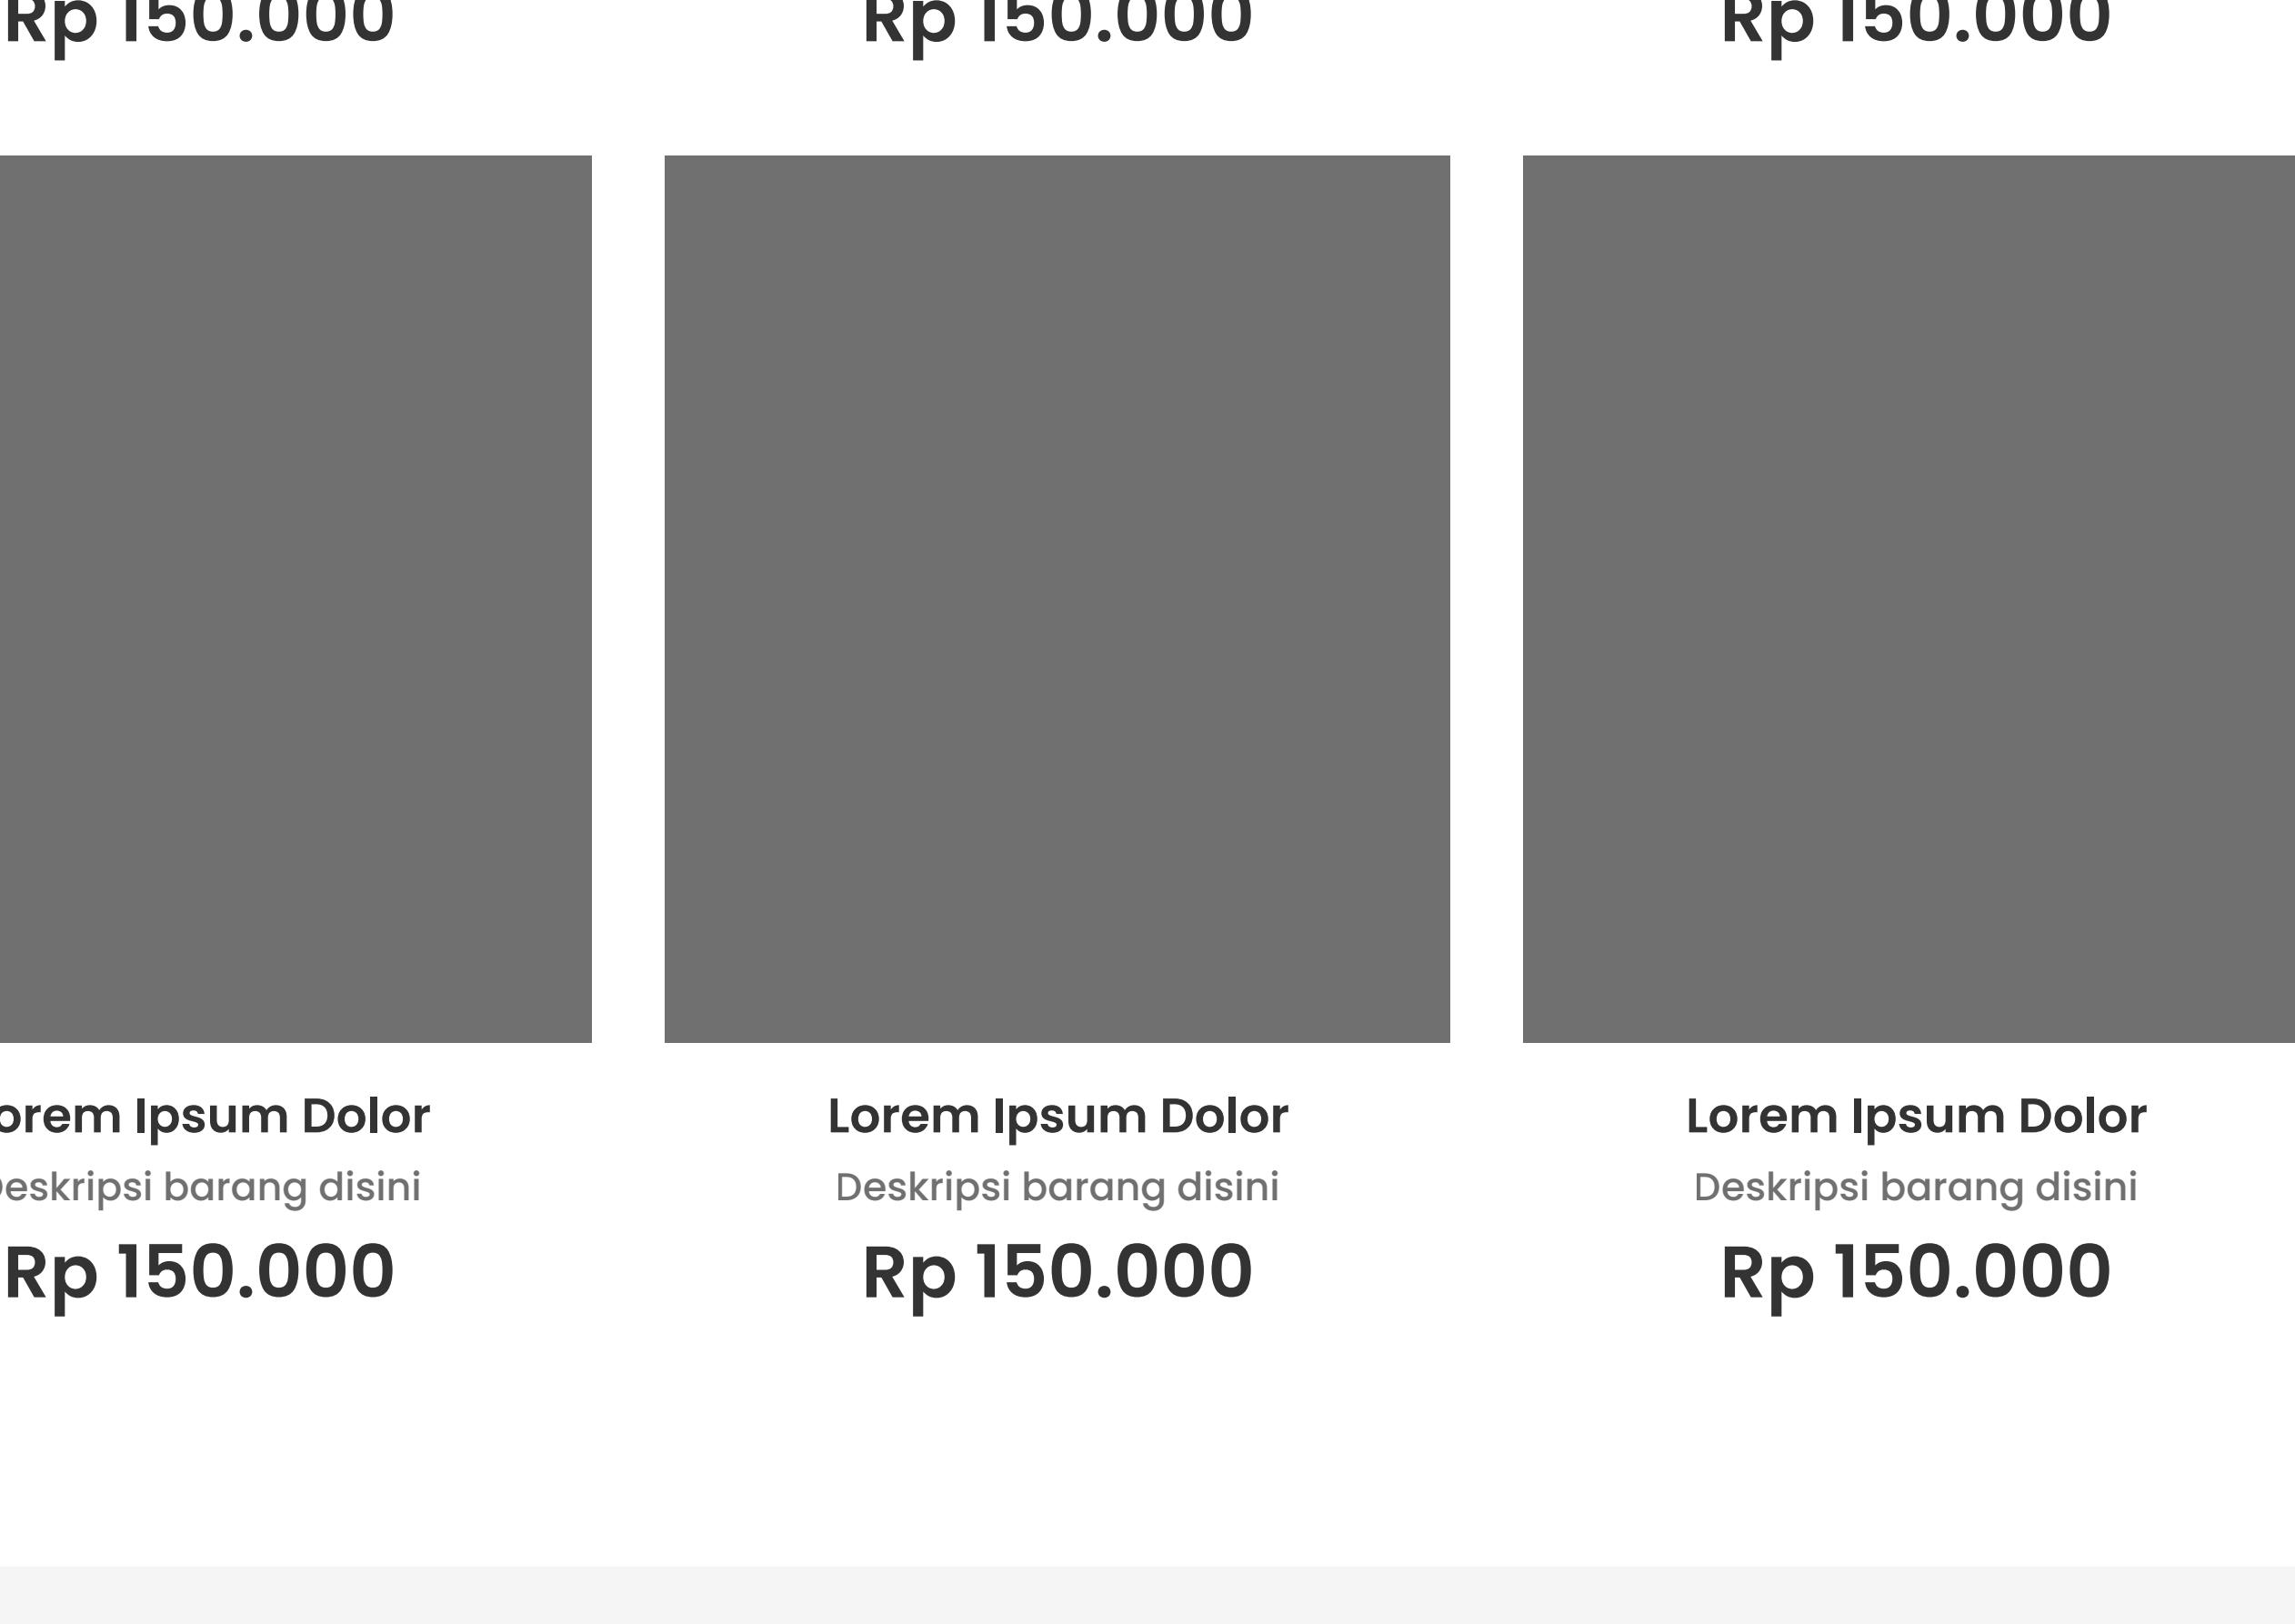

Cost Inefficiencies

With no bargaining power due to small purchasing quantities, Owners and Managers may be at a disadvantaged position in terms of pricing.

Time Consuming Administration

Hotel and restaurant purchasing teams spend a huge amount of time in the procurement process by trying to negotiate with suppliers and tracking payments.

Solution

Increase Visibility and Deter Fraud

Drive costs down by cutting-down man hours required for the procurement function, preventing shenanigans and deterring fraud. Save as much as 15% saved from procurement costs with Elefin's transparent and competitive pricing.
